

ARABIAN HORSE is a **champion** of endurance riding, however also excellent in anything else, the **versatility** of Arabian horse is **unique**:

- Strong
- Full of energy
- Resilient
- Noble

Learn more from our **Breed guide**.

I am not a breeder.

However I am able to **select the horse that is able to perform excellence**.

I **educate** and train the chosen horse,

either to someone else's request or to my own pleasure.

As the **sport committee director of the Hungarian Horse Breeders Association**

I do everything possible that Arabian horse gains its deserved place and reputation,

and so that more share the pleasure and success

that this **magnificent breed** can bring its owner.

**Have a look** at my horses: As well as Arabian purebreds I also train

Shagya-Arabian breeds that is a unique Hungarian bloodline of Arabian purebreds.

(if you do not know the history of the breed you find a lot of interesting information here).

If you have any questions or would like to get to know these horses,  
please contact me.

Kind regards: János Jozskin
